## 2022 Stanley Chell Entries Invited

Aberdare Camera Club is pleased to announce the return of The Stanley Chell 2022, the first since 2019. It remains a print competition, details of the various trophies and rules can be seen below.

[Invitation](#)      [Poster](#)      [Entry Form/Rules](#)

It will be held at 1pm on Saturday 3rd December 2022 and this year we're changing location to a facility called [Cynon Linc](#). This new venue is a far bigger hall which will, for the first time, allow us the opportunity to display the prints after they've been judged. (May we thank our friends at Barry CC for the generous loan of their boards). It is located near the centre of Aberdare, with plenty of parking available across the road behind the town library, which at the moment is free on a Saturday after 10am. We will be providing tea and Welsh cakes, and we are negotiating to have the onsite cafe open.

We are still discussing ways of collecting all your prints from around Wales, and will hopefully make use of our friends at various locations to act as collection hubs, Please contact me to discuss options on delivery/collection. More information will be provided when we determine best option.

For those clubs holding trophies from 2019, can you please contact Huw Edwards at Aberdare Camera Club.

All clubs have been through a very difficult few years, and hopefully this will prove the ideal opportunity for us all to come together and meet again as friends. As a small club this competition is our way of contributing to the WPF family, we truly hope that you will support us, enter The Chell, and be back with us on the day.

## Charity Art Auction

The Worshipful Livery Company of Wales (WLCOW) supports education, the arts, science and technology in Wales, and is dedicated to helping young people to develop their talents and skills by means of an annual Awards programme of scholarships and bursaries to students in schools, universities and technical colleges, as well as to apprentices and young people in the armed forces. This year 2022 they awarded an artist bursary to an MFA student from Swansea.

**In 2021 WLCOW collaborated with Disability Art Cymru and V21 to hold an art auction at Sbectrwm Centre Fairwater Community Centre Cardiff.** Many renowned artists and photographers donated their work (and time David Hurn) to the auction and other work was donated by WLCOW members and friends. It was a great success raising much needed funds for all 3 charities.

**Following the success last year of the art auction, another art auction is to be held in Sbectrwm Centre Fairwater Community Centre Cardiff on Friday, September 23<sup>rd</sup> 2022 starting at 6.30pm with a champagne reception and canapés.**

The auction will be available online to bid before the day of the auction and telephone bids will be accepted during the auction. The funds raised will once again be divided between the charities involved to support young people in Wales to develop their talents in education, the arts, science and technology.

**If you are interested in donating any photographic works of art you have done, please contact the WLCOW Auction organiser Dr Jane Croad on 07970 666353 or [janecroad@gmail.com](mailto:janecroad@gmail.com) who will collect the work from you.**

## For Sale – Added 3rd August 2022

Various analogue items belonging to a deceased photographer, far more than are listed below:

- **5" x 4" wooden field camera** – with 150mm lens. The make wasn't identifiable to me but it is in good condition.
- **Hasselblad 500C/M** camera body with Prism Finder and Waist Level Finder. Lenses are Carl Zeiss Distagon 60mm f/3.5; Sonnar 150mm f/4; and Carl Zeiss Planar 80mm f/2.8.
- **Fujica ST705** 35mm camera body
- **Rolleiflex SL35** – 35mm camera with 50mm f/1.8, 35mm and 135mm Carl Zeiss lenses
- **Iford Sportsman** – 35mm camera probably dating back to the 1950's
- **Microflex TLR** – medium format twin lens reflex camera with 77.5mm f/3.5 lens. Lens hood and various filters
- **Studio flash** – various lights, brollies, stands etc.
- **Gnome enlarger** – needs some work
- **BerkeyOmega D5500 with fitted Ilfospeed Multigrade 500 System** – this has a 6 x 6 negative carrier and there are 35mm inserts. I didn't find a 5" x 4" negative carrier but, in view of the stock of cameras, there must be one.
- **Enlarger Print Easels** – various makes and sizes
- **Print drier** – for RC paper. It appeared to be large enough for 16" x 12" but would certainly dry 10" x 8"

There were a lot more things that one would expect to find in a well-stocked darkroom; far too much for me to list.
